

## Lunch Catering by The Branding Iron – Nevada, Iowa

We would like to bring lunch in once a week to offer to your employees, it will be at no cost to you.

We would pre-select a menu... see below. We will try to keep all meals at or below \$5, which we think is a great deal.

You would tell us how many employees you have total and we would plan accordingly, no pre-ordering or planning on your part needed. The employees either choose to eat or don't, we take the risk of having too much food, or not having enough (not a bad problem).

Desserts would be offered separate as an additional \$1 charge and would change from week to week.

The day of the week should remain consistent for purposes of employees remembering we are coming. We will give you menu flyers to post, if you would, showing the menu choices a few weeks out.

We set up when it is your standard lunch break, if you have more than one we can make those arrangements too. i.e. if your employees get from 12 – 12:30, we will be there ready to serve at 12 and be gone probably by 12:40 pm.

Some meals would be plated for them and some would be buffet style depending on what works best.

We will bring all table service, plates: napkins, silverware and condiments needed for the meal.

They will provide their own drink.

We can stop this at any time and can expand to catering, delivery and other dates and times as requested.

We would be responsible for collecting the money as people went through the "lunch line".

The menu below give you an idea of how we would let people know what was coming on what day from The Branding Iron.

Please give me a call at 515-450-1592 to start giving your employees options for good lunches without all the hassle.

Menu for January/February 2010

Serving the following menu on \_\_\_\_\_
